MEMORANDUM

To: Mayor Licklider & Board of Aldermen Date: July 9, 2024
From: Steve Lauer, City Planner & Bill Hanks, City Clerk
Subject: Chapter 400 Zoning Amendments
Cc: Don Storberg, City Administrator

1. **Appointment of ARC Chairman:** Section 405.395 states that the Chairman of the Architectural Review Commission (ARC) shall be designated annually each May by the Mayor. With the designation of the Chairman for the ARC at the May 9, 2024, Board of Alderman meeting a recommendation was made that this section of code should be deleted and that the ARC should be able to elect their Chairman just like the other City Boards/Commissions. The Secretary position was also included in the text for the annual election of the ARC.
2. **Front Entry Garages:** Section 405.430.B.7 does not permit the ARC to approve front entry single-family residential garages except for garages in the AG, Agricultural District. The proposed amendment has been amended from what was previously voted on by the Planning & Zoning Commission and Board of Aldermen to allow front entry garages for a single-family residential building which currently has a front entry garage which completed or under construction prior to March 11, 1997. The specific date of March 11, 1997, was added as this was the date that the City approved the amendment to only allow side and rear entry garages for single family residential buildings.
3. **Home Occupations:** Section 405.215 is being amended to comply with Sections 71.990 and 89.500 of the Revised Statutes of the State of Missouri which limit the ability of cities to enact zoning ordinances restricting home-based businesses. Cities can no longer require a permit or license to use one's home as a business if it qualifies as a "no-impact" home-based business as defined in the statute. **A copy of the current State Statutes is attached to this memo.**
4. **Land Use Table:** This zoning amendment came from the last strategic planning session with the Board of Aldermen in 2023:

- Definitions were added to Section 402.020 for uses that were added to the Land Use Table.
 - Selective uses for the High-Technology Office District were added as either a permitted or conditional use.
 - Some additional uses were designated as permitted or conditional uses under the PC, Planned Commercial District.
 - Other necessary corrections were also made within the Land Use Table itself.
5. **Election Signs:** The duration and number of signs were deleted to comply with previous court cases. This amendment was discussed with our City Attorney and the opinion of the City Attorney was shared with the Board of Aldermen at a Work Session on June 13, 2024.

Title VII CITIES, TOWNS AND VILLAGES

Chapter 71

Effective - 28 Aug 2022

71.990. Home-based business, use of residential dwelling — limitations on restrictions by political subdivisions — reasonable regulations permitted. — 1. As used in this section, the following terms mean:

(1) **"Goods"**, any merchandise, equipment, products, supplies, or materials;

(2) **"Home-based business"**, any business operated in a residential dwelling that manufactures, provides, or sells goods or services and that is owned and operated by the owner or tenant of the residential dwelling.

2. Any person who resides in a residential dwelling may use the residential dwelling for a home-based business unless such use is restricted by:

(1) Any deed restriction, covenant, or agreement restricting the use of land; or

(2) Any master deed, bylaw, or other document applicable to a common-interest ownership community.

3. Except as prescribed under subsection 4 of this section, a political subdivision shall not prohibit the operation of a no-impact, home-based business or otherwise require a person to apply for, register for, or obtain any permit, license, variance, or other type of prior approval from the political subdivision to operate a no-impact, home-based business. For the purposes of this section, a home-based business qualifies as a no impact, home-based business if:

(1) The total number of employees and clients onsite at one time does not exceed the occupancy limit for the residential dwelling; and

(2) The activities of the business:

(a) Are limited to the sale of lawful goods and services;

(b) May involve having more than one client on the property at one time;

(c) Do not cause a substantial increase in traffic through the residential area;

(d) Do not violate any parking regulations established by the political subdivision;

(e) Occur inside the residential dwelling or in the yard of the residential dwelling;

(f) Are not visible from the street; and

(g) Do not violate any narrowly tailored regulation established under subsection 4 of this section.

4. A political subdivision may establish reasonable regulations on a home-based business if the regulations are narrowly tailored for the purpose of:

(1) Protecting the public health and safety, including regulations related to fire and building codes, health and sanitation, transportation or traffic control, solid or hazardous waste, pollution, and noise control; or

(2) Ensuring that the business activity is compliant with state and federal law and paying applicable taxes.

5. No political subdivision shall require a person, as a condition of operating a home-based business, to:

(1) Rezone the property for commercial use;

(2) Obtain a home-based business license; or

(3) Install or equip fire sprinklers in a single-family detached residential dwelling or any residential dwelling with no more than two dwelling units.

6. Whether a regulation complies with this section is a judicial question.
