The concert portion of the event wasn't well attended but several residents participated in the shredding portion of the event. Mayor Licklider informed the Board that the overall expense for the event was approximately \$2,300. He added that he felt the shredding portion of the event was too long at four hours. Alderman Clutter believes that the Spring Fling event was scheduled too early in the year and that the weather didn't help. Mr. Stolberg stated that the City recently had a bid opening for electrical work associated with the lake improvement project and had only one response, which was \$7,890 from Extreme Electrical. He informed the Board that the Mayor is able to sign the contract without formal Board approval, because it is under \$10,000.
