**AN ORDINANCE AMENDING CHAPTER 120 OF THE CODE OF
ORDINANCES OF THE CITY OF WELDON SPRING, MISSOURI TO
ESTABLISH A VIDEO CONFERENCE MEETING POLICY.**

WHEREAS, Chapter 120 of the City Code of Ordinances establishes provisions regarding open meetings and records, and

WHEREAS, the Board of Aldermen has determined it is necessary for expeditious transaction of City business and that it should establish a procedure which would allow Board of Aldermen members, when necessary, to attend a meeting by video conference,

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF WELDON SPRING, MISSOURI, AS FOLLOWS:

SECTION 1: That Chapter 120 of the Code of Ordinances of the City of Weldon Spring, Missouri is hereby amended by the addition of a new section, to be initially designated as 120.110, to read as follows:

Remote Participation Policy

A. Notwithstanding any other provision of the Code of Ordinances to the contrary, a member of the Board of Aldermen may attend and participate in a meeting of that body from a remote location via videoconferencing provided attendance and participation in the meeting is in compliance with the Remote Participation Policy set forth in this section and Missouri law.

B. *Definitions:* For purposes of this section, the following definitions shall apply unless the context clearly indicates or requires a different meaning.

BOARD MEMBER - shall mean any Board of Alderman member of the City of Weldon Spring

CLOSED MEETING - shall have the same meaning as set forth in Section 610.010, RSMo. as amended

OPEN MEETING LAW - shall mean Chapter 610 RSMo. as amended

PUBLIC MEETING - shall have the same meaning as set forth in Section 610.010 RSMo. as amended but shall not include a closed meeting.

PUBLIC GOVERNMENTAL BODY - shall have the same meaning as set forth in Section 610.010 RSMo. as amended.

C. Policy Statement: It is the policy of the City of Weldon Spring that any Board of Alderman member may attend and participate in a public meeting of the Board of Alderman from a remote location via videoconferencing provided attendance and participation is in compliance with this policy and any other applicable law. This policy is promulgated to promote greater participation in government. Board members are encouraged to make all efforts to physically attend public meetings whenever possible. Board members have a responsibility to ensure that remote participation in a public meeting is not used to thwart the purposes of the Open Meeting Law. A Board Member is limited to 4 videoconferencing meetings per a rolling 12-month period.

D. Prerequisites: A board member shall be provided the opportunity to attend a public meeting from a remote location if the board member meets the following conditions.

1. The board member must notify the City Clerk at least two business days before the public meeting of his/her intent to remotely participate in the public meeting.
2. Board members who participate remotely and all persons present in the public meeting location shall be clearly visible to the greatest extent practicable and audible to each other.
3. The board member must assert one of the following reasons why he or she is unable to physically attend a public meeting of the public governmental body of which he or she is a member
 - a. Personal illness or disability
 - b. Employment duties outside the City, military services of other City business
 - c. A family or personal emergency
 - d. Vacation outside the City
4. A majority of all members of the Board of Aldermen must be physically present at the meeting location to constitute a quorum.
5. Not more than two board members shall be permitted to participate remotely during any one public meeting. If more than two board members desire to participate remotely during the same public meeting, priority shall be granted to the two board members that first notified the City Clerk pursuant to paragraph D.1 of this section.

SECTION 2: Video Conference Meeting Policy.

Meetings Using Video Conference Technology.

- A. *Policy Statement:* While it is legally permissible for members of the City's public governmental bodies to attend meetings and vote via video conference transmission, a member's use of video conference attendance should occur only sparingly. Because it is good public policy for citizens to have the opportunity to meet with their elected officials face to face, elected members of a public governmental body should endeavor to be physically present at all meetings unless video conference attendance is unavoidable, after exercising due diligence to arrange for physical presence at the meeting.
- a. The primary purpose of attendance by video conference connection should be to accommodate the public governmental body as a whole to allow meetings to occur when circumstances would otherwise prevent a physical attendance of all of the Board's members.
 - b. A secondary purpose of attendance by video conference should be to ensure that all members may participate in business of the public governmental body.

Except in emergency situations, all efforts should be expended to ensure that a quorum of the members of the public governmental body be physically present at the normal meeting place of the body.

- B. *Video Conference Defined:* For purposes of this Section "video conference" or "videoconferencing" shall refer to a means of communication where at least one (1) member of a public governmental body participates in the public meeting via an electronic connection made up of two (2) components:
1. A live audio and video transmission allowing the member of the public governmental body not in physical attendance to be seen and heard by those in physical attendance; and
 2. A live audio and video transmission allowing the member of the public governmental body not in physical attendance to see and hear those in physical attendance at a meeting.

If the member of the public governmental body not in physical attendance becomes unable to see and hear the meeting or the members of the governmental body in physical attendance become unable to see and hear the member not in physical attendance, then the video conference participant is deemed immediately absent unless and until audio/visual conference is reestablished and this absence should be reflected in the minutes. A video

conference participant's absence may compromise a quorum in which case the applicable Missouri laws shall take effect regarding a broken quorum.

- C. *Frequency of Use Of Video Conference Attendance:* In keeping with the policy stated in Subsection (A) above, attendance via video conference should only occur sparingly and be limited to the causes identified in section D.3 above,
- D. *Physical Location:* Members of the public may not participate in a public meeting of a governmental body via video conference. The public wishing to attend a meeting, and elected officials not participating via videoconferencing of the meeting, shall participate at the physical location where meetings of the public governmental body are typically held, or as provided in a notice provided in accordance with the Sunshine Law. The public governmental body shall cause there to be provided at the physical location communication equipment consisting of an audio and visual display, a camera and a microphone so that the members of the public governmental body participating via videoconferencing, the members of the public governmental body in physical attendance, and the public in physical attendance may actively participate in the meeting in accordance with rules of meeting to quorum. The communication equipment at the physical location at the meeting must allow for all meeting attendees to see, hear, and fully communicate with the videoconferencing participant.
- E. *Voting:* Elected members of a public governmental body attending a public meeting of that governmental body via video conference are deemed present for purposes of participating in a vote, including a roll call vote, to the same extent as elected members of a public governmental body in physical attendance at a public meeting of that governmental body are deemed present. As indicated in Subsection (B) above, if any component of the video conference communication fails during the meeting, the member attending the meeting by video conference whose connection failed shall be deemed absent immediately upon such failure, and if the public governmental body was in the act of voting, the voting shall stop until all of the components of video conference attendance are again restored and the video conference participant's presence is again noted in the minutes or the member's remote attendance is terminated or abandoned. If the connection with the member attending the meeting by video conference fails during the voting process and before the results are announced the member's vote, if any, is nullified and shall not be counted.
- F. *Closed Meetings:* In a meeting where a member of a public governmental body is participating via videoconferencing and the meeting goes into a closed session, all provisions of Missouri law and City ordinances relating to closed sessions apply. Upon the public governmental body's initiation of a closed meeting, all members of the general public not required for purposes of the

closed meeting and invited to the attend by the public governmental body, shall be excluded. Likewise, a member of a public governmental body participating via videoconferencing must ensure there are no members of the public present at their location to see, hear, or otherwise communicate during the closed session. The member must also take all reasonable precautions to guard against interception of communication by others. Failure to ensure the requirements of this Subsection may result in corrective action by the full public governmental body in accordance with City regulations.

- G. *Minutes*: In the meeting, whether in open or in closed session, the minutes taken should reflect the member(s), if any, participating via video conference the members in physical attendance, and members, if any, absent.
- H. *Emergency Meetings and Quorum*: In addition to the provisions of Section 110.200, in the event that emergency circumstances prevent the members of a public governmental body to physically attend, the body may meet and vote by video conference without the requirement that a quorum be physically present in the same place. Examples of such emergency circumstances include, but are not limited to war, riot, terrorism, widespread fire, or natural disaster, such as earthquake, tornado, hurricane, flood, or blizzard. To the extent reasonably possible in such circumstances, the public governmental body shall use reasonable efforts to cause a physical location to be provided for public attendance and participation. The nature of the emergency shall be recorded in the minutes. If no emergency exists, a quorum of the public governmental body shall be physically present at the physical location for which notice of a meeting is provided.

SECTION 3: The Chapter, Article, Division and/or Section assignments designated in this Ordinance may be revised and altered by the codification company servicing the City Code of Ordinances upon supplementation of such code if, in the discretion of the editor, an alternative designation would be more reasonable. In adjusting such designations the editor may also change other designations and numerical assignment of code sections to accommodate such changes.

SECTION 4: It is hereby declared to be the intention of the Board of Aldermen that the sections, paragraphs, sentences, clauses, phrases and words of this ordinance are severable, and if any section, paragraph, sentence, clause, phrase or word(s) of this ordinance shall be declared unconstitutional by a court competent jurisdiction or otherwise invalid, such unconstitutionality or invalidity shall not affect any of the remaining sections, paragraphs, sentences, clauses, phrases and words of this ordinance since the same would have been enacted by the Board of Aldermen without the incorporation in this ordinance of any such unconstitutional or invalid portion of the ordinance.

SECTION 5: This ordinance, and the code adopted hereby, shall be in full force and effect from and after its passage and approval.
