Project Plan

Project Description:

A Story book walking trail consists of 15-18 stations around a paved loop trail. Each station consists of a mounted plexiglass incased message board that houses one page of a children's book. As families walk down the trail, they can read the story as they go. The SCCC Library will rotate stories on a monthly or quarterly basis. The stations that Weldon Spring would receive are smaller and at an angle thus reducing sight line interruptions. The stations are manufactured by a company and constructed out of metal. The stations are provided by the SCCC Library Foundation to the City of Weldon Spring at no cost, the City needs only install and maintain them.

I, Kolin Barks, want to install the Story Book Walking Trail as an Eagle Scout Project in the early fall of 2021 for the City of Weldon Spring. Step one in this process is getting approval from the City's governing bodies of my proposed plan. Then I can take it to any additional BSA groups for approval. Please consider the information below:

Station Design:

Station Locations:

- On the map to the left, I have designated each point where a station would be located. The Library District has indicated there would be 17-18 for this project. If there are 18, an additional station would be placed at behind the small ball field.

Project Cost:

- Though the stations are provided, concrete footings would be required as well as 2x4 to effectively level the station mounting post. I would also like to add mulch around each station.
- I am requesting \$250.00 from the City to cover the cost of these materials.

Installation:

- Pending all approvals, I would install the stations ideally in late September.
- I would lead a group of 10 boy scouts and 6 additional volunteers to assist with the install.
- I will contact dig-right a minimum of 2 working days before the project to mark the digging locations for utilties
- I expect the project to take a total of 2 days

Alternative Procedure may apply [have an area of at least four (4) acres].

In no case shall an area of less than two (2) acres be reserved for recreation purposes if it will be impractical or impossible to secure additional lands in order to increase its area. When recreation land is not reserved in a subdivision or the land reserved is less than the percentage in Subsection (A)(1) above, the provisions of Section (A)(4) hereof shall be applicable.

SECTION 13: That Section 412.010 of the Municipal Code is hereby amended as follows (the deleted text shown in [bracket and stricken] type):

Section 412.010 Application Fees

Subsequent submittals, beyond the first two (2), will be charged additional fees for the actual time and expenses of the City at the chargeout rates and fee schedule effective upon the date of subsequent reviews plus the additional percentage allowed by State Statute. After project review is complete (as determined by the City), if the amount spent by the City on project review and procedure is less than the fees collected by the City, the applicant will be reimbursed the difference of those two (2) amounts minus the additional percentage allowed by State Statute.

SECTION 14: That this ordinance shall be in full force and effect from and after its enactment and approval.

BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF WELDON SPRING, MISSOURI, AS FOLLOWS:
